

# MANISH GUPTA

Aspiring Data Scientist

+91 72398 34823 | [LinkedIn](#) | [GitHub](#) | [manishgupta4823@gmail.com](mailto:manishgupta4823@gmail.com)

## ABOUT:

Data Science enthusiast with a Post-Graduation in Data Analytics from Imarticus Learning and an engineering graduate (2023). Proficient in data exploration, statistical analysis, and visualization. Strong leadership, public speaking, problem-solving skills. Enthusiastically seeking opportunities to make a meaningful impact in the data science industry through my diverse skill set and strong analytical abilities.

## EDUCATION:

- |             |  |               |
|-------------|--|---------------|
| 2023        | <b>Imarticus Learning</b>  | Jaipur, India |
|             | <ul style="list-style-type: none"><li>• Postgraduate Program in Data Science and Analytics<ul style="list-style-type: none"><li>○ Statistics Fundamentals</li><li>○ Data Science with Python</li><li>○ SQL Programming</li><li>○ Data Visualization with Tableau and Power BI</li><li>○ Machine Learning and Deep Learning</li></ul></li></ul> |               |
| 2019 - 2023 | <b>Arya College Of Engineering &amp; IT Jaipur</b>   | Jaipur, India |
|             | <ul style="list-style-type: none"><li>• Bachelors of Electronics and Communication Engineering (8.67 CGPA)</li></ul>   |               |

## CAPSTONE PROJECTS:

- |                   |  |
|-------------------|--|
| Project Title:    | <a href="#">Supply Chain Optimization Project</a>  |
| Project Outcomes: | Worked on Atliq Mart's Supply Chain project, improved logistics, and created a user-friendly dashboard for real-time insights, demonstrating strong project management and analytical skills.  |
| Project Title:    | <a href="#">Disaster Tweet Sentiment Analysis: A Predictive Approach</a>   |
| Project Outcomes: | Created a system to predict tweets about disasters using AI. This helps in early awareness and better response planning by identifying and categorizing relevant tweets quickly.   |
| Project Title:    | <a href="#">Sales Price Prediction Model</a>   |
| Project Outcomes: | This project aims to predict Big Mart sales prices utilizing the item outlet sales data. Through advanced analytics and machine learning techniques, the project endeavours to provide accurate forecasts, aiding in strategic decision-making and optimizing pricing strategies for improved profitability. |

## INTERNSHIP:

- |                           |  |
|---------------------------|--|
| Designation:              | <b>Data Science Intern</b>   |
| Company:                  | Bharat Intern (Oct 2023 – Dec 2023)  |
| Roles & Responsibilities: | <ul style="list-style-type: none"><li>• Data Cleaning and Preprocessing</li><li>• Develop analytical tools and programs</li><li>• Ensure the data quality and integrity in databases</li><li>• Enabling accurate recognition of objects within images</li><li>• Data Visualization Technique</li></ul> |

Designation:

**Full Stack Development Internship**

Company:

Lyrclious - EdTech (Nov 2021 – Jan 2022)

Roles & Responsibilities:

- Create and maintain documentation for code and processes
- Develop and maintain responsive web pages
- Optimize applications for maximum speed
- Work with front-end developers to ensure seamless integration of the front-end and back-end components of web applications

**ADDITIONAL QUALIFICATIONS / CERTIFICATIONS:**

- Received certification in CAD using AutoCAD from the Central Institute of Petrochemicals Engineering & Technology (CIPET), Ministry of Chemicals & Fertilizers, Government of India. Training program completed at CIPET: CSTS-Jaipur.

**ACHIEVEMENTS/AWARDS:**

- Finalists at Rajasthon Police Hackathon 1.0 in problem statement 'Analysis of FIRs using AI/ML for generation of proper ACTs/Sections'.
- Secured 13th place in the Data Science Hackathon organized by Imarticus Learning in collaboration with KPMG.
- Zephyr-2023 Runner-up (Robo-Soccer): Secured second place in the national-level tech fest at Arya College of Engineering & I.T., displaying strong robotics and engineering skills.
- Zephyr-2022 1st Position (ROBO-WAR Event): Achieved the top position in the ROBO WAR event at the national-level tech fest hosted by Arya College of Engineering & I.T., showcasing excellence in Electronics & Communication Engineering.
- Gold Certificate of Internship - Lyrclious: Awarded for the successful completion of a one-month Golden Level internship as a Campus Ambassador.
- LearnVern Ambassadorship: Served as an Ambassador for LearnVern actively promoting the platform at the college campus.

**TECHNICAL SKILLS:**

1. Programming Languages (Python, SQL, MySQL)
2. Statistical Methods (Predictive Analysis, Hypothesis testing, Text Analytics, Univariate and Bivariate analysis)
3. Machine Learning (Classification, Regression, Clustering techniques)
4. Natural Language Processing Text Analytics (TF-IDF, Vectorization, NLTK, Spacy)
5. Web Development (HTML, CSS, JavaScript)
6. Microsoft (Excel, General Office and Presentation)

**PERSONAL INFORMATION:**

Address: 225, Shri Ram Vihar, Jamdoli, Jaipur, Rajasthan – 302031

Father's Name: Omprakash Gupta

Date of Birth: 20/03/2002

Languages Known: English (R/W/S), Hindi (R/W/S)

Personal Website: <https://linktr.ee/ManishGupta>
