SUMMARY

Data Analyst enthusiast with a Post-Graduation in Data Analytics from Imarticus Learning and an Engineering degree (2023). Proficient in data exploration, statistical analysis, and visualization libraries and tools with Strong leadership, public speaking, problem-solving skills.

EDUCATION

Postgraduate Program in Data Science and Analytics

2023 - 2024

Imarticus Learning

- Specialization in Excel, SQL, PowerBI, Tableau, Python, Statistics, ML, DL & NLP.

Bachelor of Technology in Electronics and Communication Engineering (ECE)

2019 - 2023

Arya College Of Engineering & IT, Jaipur

- Achieving a CGPA of 8.67.

INTERNSHIP

Data Science Intern

Oct 2023 - Dec 2023

Bharat Intern

- Data Cleaning and Preprocessing, Exploratory data analysis (EDA), Data Visualization Technique, Ensure the data quality and integrity in databases, SQL, Statistics, ML.

Full Stack Development Internship

Nov 2021 - Jan 2022

Lyricious - EdTech

- Develop and maintain responsive web pages using HTML, CSS, Java Script.

CAPSTONE PROJECTS

Bank Loan Analysis - Power BI Dashboard (Finance-Domain)

- This project analyzes loan trends, regional patterns, and the impact of employment duration on loans. It also distinguishes between good and bad loans. Our goal is to enable data-driven decision-making for loan approvals and risk assessment.

MacDonald's Food Analysis - Power BI Dashboard

- By analyzing nutrition value of the food items by the MacDonald's, it will be easier to the customer to plan their meal according to their requirement. This analysis report can attract to the customer who is very health conscious.

Supply Chain Optimization - Power BI Dashboard (FMCG-Domain)

- To address the problem faced by AtliQ Mart, where key customers are not extending annual contracts due to service issues, I created a user-friendly PowerBI Dashboard to provide real-time insights. This will help in finding the best solutions to the problem and identifying where AtliQ Mart may have made mistakes.

ACHIEVEMENTS/AWARDS:

- Finalists at Rajasthan Police Hackathon 1.0 in problem statement 'Analysis of FIRs using AI/ML for generation of proper ACTs/Sections' (Jan-2024).
- Secured 13th place in the Data Science Hackathon organized by Imarticus Learning in collaboration with KPMG (Dec-2023).
- Earned the runner-up spot in Zephyr-2023's Robo-Soccer event and secured first place in Zephyr-2022's ROBO-WAR Event, both hosted by Arya College, showcasing strong robotics and engineering skills.
- Received certification in CAD using AutoCAD from the Central Institute of Petrochemicals Engineering & Technology (CIPET), Ministry of Chemicals & Fertilizers, Government of India. Training program completed at CIPET: CSTS-Jaipur.
